VIDEOS

Denton, Richard A. *Understanding the Delta : an engineering perspective*. Berkeley, Calif. : Water Resources Center Archives, 2001. 1 videocassette (1 hr., 15 min.). California Colloquium on Water.

Summary: Richard A. Denton, Water Resources Manager, Contra Costa Water District, discusses a variety of issues related to the Sacramento-San Joaquin Delta region, including the CALFED Bay-Delta Program, drinking water quality, water supply, reliability, fisheries, delta smelt, salinity, and flows as part of the California Colloquium on Water series.

G402 XU2-9 0104 Video

Echo of water against rocks : remembering Celilo Falls. Corvallis, Or. : Oregon State University, c2000. 1 videocassette (13 min.). ORESU-V 00-004.

Summary: Through beautiful footage taken before it disappeared when the Dalles Dam was placed in service in 1957, we see why Celilo Falls was considered the greatest Indian fishing site on the Columbia River. And through interviews we get a glimpse of its cultural and historical significance for the people who depended on fishing and loved Celilo Falls.

G291 P Video

Kitzhaber, John A. *From science to public action : the Oregon approach to environmental problems*. Corvallis, Or. : Oregon State University, c2000. 1 videocassette (31 min.). John V. Byrne lecture series.

Summary: Governor John Kitzhaber lectures on the challenges Oregonians face in finding solutions to our complex environmental problems. He spoke on his policies affecting salmon and watershed restoration.

G287 P Video

Life on the edge : improving riparian function. Corvallis, Or. : OSU Extension and Experiment Station Communications, 1999. 1 videocassette (ca. 12 min.) + 1 booklet (13 p.).

Summary: Discusses what land use practices can impact riparian areas and the techniques landowners, volunteers, and professional resource managers can use to improve and protect riparian function.

G288 N9-2 Video

Saykally, Richard. *What makes water wet?* Berkeley, Calif. : Water Resources Center Archives, 2001. 1 videocassette (1 hr., 18 min.). California Colloquium on Water.

Summary: Richard Saykally, Professor of Chemistry, University of California, Berkeley, discusses the physical chemistry of water as part of the California Colloquium on Water series.

G402 XU2-9 0105 Video

Taking a second look : communities and dam removal. Arlington, Va. : Trout Unlimited ; Portland, Or. : Green Fire Productions, c2001. 1 videocassette (ca. 22 min.).

Summary: Featuring case studies of communities that have chosen to remove dams in: West Bend, Wisconsin; Augusta, Maine; and South Lake Tahoe, California, this video addresses environmental and economic issues in deciding whether to remove rather than repair or replace dams.

24.1 P1 Video

The problem with shallow disposal systems. Washington, D.C. : U.S. Environmental Protection Agency, 1999. 1 videocassette (15 min.).

Summary: In this video about "Class V" injection wells, citizens and local officials in Great Falls, Virginia; Española, New Mexico; and Missoula, Montana, reveal how chemical waste discharged to groundwater through shallow disposal systems contaminated their water resources, and how it affected their communities.

47.7 N9 Video
