Dear Emma G -

The higness of your heart + your  
spirit is in this letter you have  
~~written me~~ it is what I have  
known from the first and admired  
and loved to. I am glad that I  
was able - at last - to make you  
understand my true + deep appreciation  
of the dignity + purity and force  
of your spirit. You are - and will  
remain - a great force
