

Day 2

Student Assignment: Immigration to California, 1865-1990

Choose an ethnic group and discuss its members' experience immigrating to California. Select a discrete ethnic group, a particular geography, and a time period of no more than 10-25 years. Your final paper of 7-10 pages is due the last day of class and must be based entirely on primary source material. Your citations and bibliography must list a minimum of seven primary sources. You should follow the MLA style sheet.

Instructions to the observers:

Your job is to observe and take notes on the students' reactions, comments, and behaviors. – what they say and what they do. In the left-hand column, note the students' experience of research: their words, phrases, and actions. Listen to them carefully.

In the right-hand column, note your ideas for redressing the students' most frustrating and negative experiences with the assignment. Also note your ideas for creating a better learning experience for students through this assignment.

What students say; what students do	How I would re-design the assignment to create an improved learning experience for students

What students say; what students do

How I could re-design the assignment to create an improved learning experience for students
