**Doe/Moffitt Selectors and Collections Exchange (DMSelect)**

Doe/Moffitt Selectors and Collections Exchange (DMSelect), co-hosted by the Heads of Research and Collections for International and Area Studies (IAS) and Research and Collections for Humanities and Social Sciences, serves as an information-sharing and discussion forum for issues related to collections in Doe and Moffitt libraries. Membership is comprised of all staff who serve as Doe/Moffitt collection managers; the AUL/Director of Doe/Moffitt; the AUL/Director of Collections, and members of the Doe/Moffitt Advisory Group (DMAG).

The co-hosts develop agendas based on action items from DMAG, current projects, and suggestions from staff. Topics discussed include but are not limited to staffing, budgets, resources, and collection maintenance and security. Each meeting also includes an open announcement period.

DMSelect’s focus is on discussion, consensus-building, and shared responsibility for improving collections and access to collections; action items identified during DMSelect discussions are addressed by forming task forces and working groups which are charged by the AUL/Director of Doe/Moffitt. All staff who have the responsibility of managing collections in Doe and Moffitt libraries, or who serve as a Library Liaison to an academic department on campus should attend DMSelect meetings. Staff from Circulation Services, Interlibrary Services and Instructional Services are welcomed and encouraged to attend meetings when there are agenda items related to their work or interests.

DMSelect meets every Third Monday, 10am-12pm in 303 Doe Library. Action items from DMSelect meetings will be tracked on the Doe/Moffitt Staff Site (http://www.lib.berkeley.edu/Staff/doemoff/) beginning in 2007.
