Instructions to Contributors

1. Manuscripts, in quadruplicate and in English, should be sent to:
   Dr. Russell H. Tuttle
   Department of Anthropology
   The University of Chicago
   1126 East 59th Street
   Chicago, Illinois 60637-1587 USA

2. Submission is a representation that the manuscript has not been published previously and is not currently under consideration for publication elsewhere. A statement transferring copyright from the authors (or their employers, if they hold the copyright) to Kluwer Academic/Plenum Publishers will be required before the manuscript can be accepted for publication. The Editor will supply the necessary forms for this transfer. Such a written transfer of copyright, which previously was assumed to be implicit in the act of submitting a manuscript, is necessary under the U.S. Copyright Law in order for the publisher to carry through the disbursement of research results and reviews as widely and effectively as possible.

3. Type double-spaced, and submit the original and three copies (including, where possible, copies of all illustrations and tables). Academic affiliations of all authors and the full mailing address (and e-mail address, if available) of the one author who will review the proofs should be included. Authors are invited to suggest the names and addresses of up to 4 suitable referees for their manuscript, with the understanding that the editors are not obligated to follow such suggestions.

4. An abstract is to be provided, preferably no longer than 250 words.

5. A list of 4-5 key words is to be provided directly below the abstract. Key words should express the precise content of the manuscript, as they are used for indexing purposes.

6. Illustrations (photographs, drawings, diagrams, and charts) are to be numbered in one consecutive series of Arabic numerals. The captions for illustrations should be typed on a separate sheet of paper. Photographs should be large, glossy prints, showing high contrast. Drawings should be prepared with India ink. Either the original drawings or good-quality photographic prints are acceptable. Artwork for each figure should be provided on a separate sheet of paper. Identify figures on the back with author’s name and number of the illustration. Each figure should have an accompanying caption. The list of captions for illustrations should be typed on a separate sheet of paper. Electronic artwork submitted on disk should be in TIFF or EPS format (1200 dpi for line and 300 dpi for half-tones and gray-scale art). Color art should be in the CMYK color space. Artwork should be on a separate disk from the text, and hard copy maps accompany the disk.

7. Tables should be numbered in Roman numerals and referred to by number in the text. Each table should be typed on a separate sheet of paper. Each table should have an accompanying title.

8. List references alphabetically at the end of the paper and refer to them in the text by name and year in parentheses. Where there are three or more authors, only the first author’s name is given in the text, followed by et al. References should include titles of papers. Abbreviations for journal titles should conform to those in World List of Periodicals. In the list of references, the year of publication (in parentheses) should follow immediately after the authors’ names.

9. Footnotes are discouraged but, where necessary, should be numbered and typed on a separate sheet of paper. Clearly cite each in the text by the appropriate superscript Arabic numeral.

10. Acknowledgments (including those for grant and financial support) should be typed in one paragraph on a separate sheet of paper.

11. In general, International Journal of Primatology follows the recommendations of the CBE (Council of Biology Editors) Style Manual, published by the American Institute of Biological Sciences, and it is suggested that contributors refer to this publication.

12. After a manuscript has been accepted for publication and after all revisions have been incorporated, manuscripts should be submitted to the Editor’s Office as hard copy accompanied by electronic files on disk. Label the disk with identifying information—software, journal name, and first author’s last name. The disk must be the one from which the accompanying manuscript (finalized version) was printed out. The Editor’s Office cannot accept a disk without its accompanying, matching hard copy manuscript.

13. The journal makes no page charges. Reprints are available to authors, and order forms with the current price schedule are sent with proofs.
