INFORMATION FOR AUTHORS:

Manuscripts submitted for publication in URBAN ANTHROPOLOGY and STUDIES OF CULTURAL SYSTEMS AND WORLD ECONOMIC DEVELOPMENT (hereafter "UAS") must conform to the following requirements:

1. All manuscripts submitted must be on 8 1/2 x 11 inch paper and must be supplied in triplicate.

2. Manuscripts must be typed on one side of the sheet of paper only. All typed material must be double spaced including all text, notes, and quotations. Liberal margins must be provided.

3. Note numerals in the body of the text itself should be numbered consecutively through the manuscript. Notes should be "substantive" notes only, and not simply references to sources. All notes should appear at the end of the text of the manuscript, beginning on a separate sheet of paper labeled "Notes." Notes should occur as regular type, and not in the "footnote" style common to computer-based word processors.

4. Sources cited in the body of the text will appear at the end of the manuscript in a section entitled "References Cited" and will begin on a separate sheet of paper. Sources in the references cited section will contain all information normally required and will conform to styles current in UAS (a variant of the style found in the AMERICAN ANTHROPOLOGIST). References to those sources that appear in the text of the manuscript will appear in parenthetical form, e.g. (Malinowski 1918:121). When the name of the author has been mentioned in the text, only the date and page need be included, e.g. (1918:121).

5. Illustrations (photographs, drawings, diagrams, and charts) are to be numbered in one consecutive series of Arabic numerals. Photographs should be large, glossy prints, showing high contrast. Drawings should be prepared with India ink. Either the original drawings or high-quality photographic prints are acceptable. Identify figures on the back with author's name and number of the illustrations. Each figure should have an accompanying caption. The list of captions for illustrations should be typed on a separate sheet of paper.

6. Tables should be numbered and referred to by number in the text. Each table should be typed on a separate sheet of paper and should have a descriptive title. Figures should also be numbered in a separate and distinct set of numbers from tables.

(continued)
7. An abstract of up to 200 words must accompany the manuscript submitted for publication. This abstract will appear at the beginning of the article in UAS. Abstracts of all articles published in UAS will also appear in those sources indicated above in the "Statement of Policy." Abstracts submitted must not have appeared in any form prior to publication in UAS.

8. Submission is a representation that the manuscript has not been published previously and is not currently under consideration for publication elsewhere. A statement transferring copyright from the authors (or their employers, if they hold the copyright) to the Institute, Inc. will be required before the manuscript can be accepted for publication. The Editor will supply the necessary forms for this transfer. Such a written transfer of copyright, which previously was assumed to be implicit in the act of submitting a manuscript, is necessary under U.S. Copyright Law in order for the publisher to carry through the dissemination of research results and reviews as widely and effectively as possible.

9. Authors whose manuscripts are accepted for publication in UAS are urged to submit the final, corrected and revised copy on computer diskette, accompanied by a paper copy printed from that diskette. The most appropriate format is Apple Macintosh diskette copies of the manuscript using Microsoft WORD software, WORDPERFECT for the Macintosh, or MACWRITE. However, 3.5" IBM or IBM compatible diskettes using WORDPERFECT, or some other standard word processing software are also acceptable. If this is contemplated, please contact the editor prior to submission for instructions.

Manuscripts should be sent in triplicate to the Editor:
