Berkeley Women Are Leaders In Equal Suffrage Movement

But Mrs. Keith Says, While She Believes Women Will Get the Ballot Soon, She Has Been Told to “Go Slow” in Order to Escape the Jail Penalties That Have Been Meted Out to the London Suffragettes.

California women are being put in jail, not simply because of their active prohibition work, but because of their willingness to carry on a good cause. The women who are being arrested are those who are working to bring about a better condition of things in the world. Those who are carrying on a good cause are the ones who are being persecuted, not simply because of their willingness to work for a better condition of things in the world, but because of the fact that they are working to bring about a better condition of things in the world.

Aaron Augustus Sargent, California Senator

"I believe the time is rapidly coming when all men will conclude that it is no longer wise or judicious to exclude one-half of the intelligence, and more than one-half of the virtue of the people, from the ballot box."

Adolph Sutro, 24th Mayor of San Francisco

"I believe that equality is the basic principle of our government — hence woman should assume all the responsibilities that arise out of her moral and mental endowments as a citizen ... Woman's advent as a voter will be the means through which the government may be perpetuated, as embodying justice, equality and righteousness."

August Vollmer, 1st Police Chief of Berkeley, California

"My reason for favoring Constitutional Amendment No.8, relating to equal suffrage, is that I am an absolute believer in the principles of the Golden Rule, which, in my opinion, particularly apply to this amendment."
David Starr Jordan, President of Stanford University

"Equal suffrage would tend to broaden the minds of women, and to increase their sense of personal responsibility. It may help to solve the problem of clean local government and make our cities centers of sweetness and light as well as of activity and strength."

Reverend Charles Aked, Minister of the First Congregational Church in San Francisco

"Nothing since the coming of Christ ever promised so much for the ultimate good of the human race as the intellectual, moral and political emancipation of women."
WOMAN SUFFRAGE ENDORSED BY CALIFORNIA ORGANIZATIONS

Many State and local organizations, which are not suffrage societies, have officially endorsed Woman suffrage in California. Formal resolutions have been passed unanimously by numerous associations in annual convention. Many of these are blazoned resolutions in favor of the general movement for Votes for Women, and congratulate the women of California on recent progress.

The Women's Suffrage Endorsed—
California Conventions.

Four important State organizations, not woman suffrage societies, have endorsed Woman suffrage in their recent conventions. The order that they have done so is not significant. Attention is called to their resolutions, which follow:

"Resolved, that a system of equal for all men should be provided by the State, and that the State shall not discriminate for or against the sex of any person requiring its protection.

"Resolved, that the Women’s Suffrage Convention of the women of California, as a matter of justice, as laid in the interests, and as a matter of fairness, asks the women of California to give their support to the cause of Woman suffrage in the State of California.

California Teachers’ Association, December, 1914.

"We, the members of the California Teachers’ Association, hereby endorse the movement toward equal political privileges of the women of California, and ask all teachers to support Woman suffrage in the State of California to advance the educational interests of the State.

California State Farmers’ Institute.

Passed an identical resolution, December, 1915.

"We, the California State Farmers’ Institute, hereby endorse the movement toward equal political privileges of the women of California, and ask the farmers of the State to support Woman suffrage in the State of California to advance the educational interests of the State.

California State Council of Churches.

Passed an identical resolution, December, 1915.

"We, the California State Council of Churches, hereby endorse the movement toward equal political privileges of the women of California, and ask all clergy to support Woman suffrage in the State of California to advance the educational interests of the State.

The LAWS AS IT STANDS

Articles 17 and 18 of the Constitution of the United States of America give to the States the power to prescribe the qualifications of the electors, and to determine the time, place, and manner of holding elections for members of the Congress of the United States. This power is also granted to the States in respect to the election of their own officers and to the election of members of the Legislature of the State. The Constitution of California provides that the qualifications of voters and the time and place of holding elections shall be prescribed by the Legislature of the State.

The LAW AS IT SHOULD BE

The American woman is interpreted in the American law, for the law is not written in stone, but is a living, breathing document, changeable as the needs of society demand. The law is a reflection of the values and beliefs of the people who create it. The laws of California have been shaped by the needs and desires of the people of California over time. As the needs and desires of the people change, so too must the laws of California.

Hereby the Call Pledges Its Aggressive Support to the Political Emancipation of California’s Women

Whatsoever stands in the way of Woman’s enfranchisement is worthy of the most strenuous attack. It is a battle for the very existence of Woman’s rights. The battle is long, hard, and uphill, but the cause is just and the end is inevitable. The struggle is not for Woman’s rights alone, but for the rights of all mankind. The battle is not for Woman, but for Man. The battle is not for the weak, but for the strong. The battle is not for the few, but for the many. The battle is not for the present, but for the future. The battle is not for generations past, but for generations to come.

This is a battle for the very future of humanity. The battle is for freedom and justice, for equality and dignity. It is a battle for the soul of America, and it is a battle for the soul of the world. It is a battle for the very essence of human existence. It is a battle for the very meaning of life. It is a battle for the very meaning of the universe. It is a battle for the very meaning of the cosmos.

The battle is not for the sake of Woman, but for the sake of Man. The battle is not for the sake of the few, but for the sake of the many. The battle is not for the sake of the weak, but for the sake of the strong. The battle is not for the sake of generations past, but for the sake of generations to come. The battle is not for the sake of the present, but for the sake of the future. The battle is not for the sake of the weak, but for the sake of the strong. The battle is not for the sake of Woman, but for the sake of Man.

The battle is for the very survival of humanity. It is a battle for the very survival of the human race. It is a battle for the very survival of the universe. It is a battle for the very survival of the cosmos.

The battle is for the very existence of human society. It is a battle for the very existence of human civilization. It is a battle for the very existence of human culture. It is a battle for the very existence of human progress. It is a battle for the very existence of human progress. It is a battle for the very existence of human progress. It is a battle for the very existence of human progress. It is a battle for the very existence of human progress. It is a battle for the very existence of human progress.

The battle is not for the sake of Woman, but for the sake of Man. The battle is not for the sake of the few, but for the sake of the many. The battle is not for the sake of the weak, but for the sake of the strong. The battle is not for the sake of generations past, but for the sake of generations to come. The battle is not for the sake of the present, but for the sake of the future. The battle is not for the sake of the weak, but for the sake of the strong. The battle is not for the sake of Woman, but for the sake of Man.

The battle is for the very survival of humanity. It is a battle for the very survival of the human race. It is a battle for the very survival of the universe. It is a battle for the very survival of the cosmos.

This paper is thanked for suffrage advocacy.

Editorial Independent: On the eve of election we cannot allow the day to pass without expressing to you our gratitude for your favorable and courtly kindness. You are a threefold debt—your support in favor of woman suffrage; your splendid and liberal financial aid; your constant and unhesitating generosity in the use of your columns at all times and for all of our purposes.

Our campaign has been constructive and educational in its polity, and your aid in that polity we, and the public in general, are indebted to you.

Thanking you sincerely, I am yours truly—Hester Harland.

**John Bunyan Sanford**, California Senator

"Man can attend to all the affairs of a governmental nature. But in order that our country shall endure we must look to the home side of life. The home is the place for woman. God knows she has enough to do there in bringing up the little ones in the way they should go. If she does that duty well and trains up the modest daughter with gentle influences and makes the young boy regardful of the respect that is due his sister and his playmates' sisters all will be well with this republic of ours."

**Horace Bushnell**, a founder of the College of California, predecessor to the University of California

"Women having once gotten the polls will have them to the end, and if we precipitate our American society down this abyss, and make a final wreck of our public virtue in it, that is the end of our new-born, more beneficent civilization."

**John Irish**, Naval Officer of Customs of San Francisco

"Women don't elevate politics. Politics degrades women. Look what it did for the women of Utah. A woman, a member of the legislature — I SAID A MEMBER OF THE LEGISLATURE — championed the cause of a candidate, went out to make his fight, became his mistress and FIN-ally SHOT him!"

TO WOMEN

Power Through Independence

What is the BEST kind of work for the State?
THE WORK OUTSIDE OF PARTY POLITICS.

Who are the only citizens outside of party politics?
WOMEN.

Why are they above all suspicion of party politics?
BECAUSE THEY HAVE NO VOTE.

Therefore, if women want to do the best work for the State, they must not have the vote.
Preserve Your Independence

Extracts from Speech Against Woman Suffrage in the California State Senate by Senator J. B. Sanford

"The Gray Eagle of Democracy"
Editor of the Independent, Oakland, Cal.

Mr. Voter: How would you like to come home some evening and find the children dirty and hungry, no supper for you and "sally" hunkered up in a rainy room with eleven kids? This is what woman-suffrage means.

Vote No—October 10th, on Senate Amendment No. 8—the Equal Suffrage Amendment, the FOURTH one on the ballot.
Some Reasons Why We Oppose Votes for Women

First of all, for the oldest and shortest of reasons:
Because man is man, and woman is woman. Nature has made their functions different, and no constitutional amendment can make them the same.

Because the basis of government is force—its stability rests upon its physical power to enforce its laws; therefore it is inexpedient to give the vote to women. Immunity from service in executing the law would make most women irresponsible voters.

Because the suffrage is not a question of right or of justice, but of policy and expediency; and if there is no question of right or of justice, there is no case for woman suffrage.

BECAUSE IT IS THE DEMAND OF A MINORITY OF WOMEN, AND THE MAJORITY OF WOMEN PROTEST AGAINST IT.

Because it means simply doubling the vote, and especially the undesirable and corrupt vote of our large cities.

Because the great advance of women in the last century—moral, intellectual and economic—has been made without the vote; which goes to prove that it is not needed for their further advancement along the same line.

Because women now stand outside of politics, and therefore are free to appeal to any party in matters of education, charity and reform.

Because the ballot has not proved a cure-all for existing evils with men, and we find no reason to assume that it would be more effectual with women.

Because the woman suffrage movement is a backward step in the progress of civilization, in that it seeks to efface natural differentiation of function, and to produce identity, instead of division of labor.

Because in Colorado after a test of seventeen years the results show no gain in public and political morals over male suffrage states, and the necessary increase in the cost of elections which is already a huge burden upon the taxpayer, is unjustified.

Because our present duties fill up the whole measure of our time and ability, and are such as none but ourselves can perform. Our appreciation of their importance requires us to protest against all efforts to infringe upon our rights by imposing upon us those obligations which cannot be separated from suffrage, but which, as we think, cannot be performed by us without the sacrifice of the highest interests of our families and of society.

Because it is our fathers, brothers, husbands and sons who represent us at the ballot-box. Our fathers and our brothers love us; our husbands are our choice, and one with us; our sons are what WE MAKE THEM. We are content that they represent US in the corn-field, on the battlefield, and at the ballot-box, and we THEM in the school-room, at the fireside, and at the cradle, believing our representation even at the ballot-box to be thus more full and impartial than it would be were the views of the few who wish suffrage adopted, contrary to the judgment of the many.

We do, therefore, respectfully protest against the proposed Amendment to establish “woman suffrage” in our state. We believe that political equality will deprive us of special privileges hitherto accorded to us by law.

Our association has been formed for the purpose of conducting a purely educational campaign. If you are in sympathy with this aim and believe as we do in the righteousness of our cause will you not send your name to us and pass our appeal on to some else?

The rights for which they pray.

To them who rocks the cradles, & chairs,
She says that woman is no slay,
But Pa jest swears.

My ma, she says that women folks
Has bore the yoke too (2) long;
She says if men thinks women is jokes
The men is very wrong.
She dident cook the dinner last nite,

She says Us gurls is in the right,
But Pa jest swears.

Ma says that men wont dare to speck

She says the women has a rite

But Pa jest swears.

I wish ma wudden talk no moar
About this thing Pa calls a fad;

As hard as Pa wen he is mad.

For dinner, & I'm hungry yet,

VOTES FOR WOMEN

Mothers, Fathers and All Good Citizens

A constitutional amendment giving the suffrage to WOMEN is to be voted on OCTOBER 10th, 1911.

MOTHERS—your duty is to be at home and the Church. BUT we cannot raise good children unless we can control the conditions surrounding the home.

The vote has to do with the COST OF LIVING, SALARIES, FOOD SUPPLY, EDUCATION and MENTAL CONDITIONS AFFECTING OUR YOUNG PEOPLE. Big organizations are making vast profits from Commercialized Vice—-we and our children are the victims. MOTHERS—know the men you have to give the VOTE in order to save the HOME.

FATHERS—remember your DAUGHTERS— they must make a living; conditions are hard for them— GIVE THE FALSE AS PAID AS THE BOY. Protect your daughters by giving them the Vote.

CITIZENS—Put it into the hands of the many for it is FIRST and it is PROGRESSIVE. It doubles the power for good. Thousands of women desire and realize their need of it.

Equality

“WOMAN SUFFRAGE—CO-EQUAL WITH MAN SUFFRAGE.”

(Quoted from the Platform of Principles of the American Federation of Labor.)

“Tam in perfect harmony with the declaration of the American Federation of Labor, which has endorsed the desired that women be given the right to vote.

I have always stood for the SQUARE DEAL, and that’s the only square thing on the Woman suffrage question, so I say YES.

“I personally believe that it would be for the best good of US ALL for women to be enfranchised.”

JOHN MITCHELL.

“I would advise all the Workers of America to work for Woman Suffrage.

“My message to them is COURAGE.

“I am决心作与nd the world that bringing it Woman Suffrage.”

KEITH HARRIDGE.

There are 7,000,000 Working Women in the United States; approximately 50,000 in San Francisco.

GIVE THE WOMEN OF CALIFORNIA A SQUARE DEAL

THEY WANT THE BALLOT WHY?

Because—those who obey laws should have something to say as to their making.

Because—those who pay taxes to support government should be represented in the government.

Because—those who have charge of the home and the children must be able to protect them.

Because—4,000,000 working women need it for their protection.

I ask for all the privileges of citizenship that belong to being no woman by no woman excluding women. ABE LINCOLN.

It is vital that women should be governed by laws in which they have a voice. SAMUEL BLOOMER.

We have in California the most advanced laws of any state in the Union for the care and protection of the home and the children, the very foundation of the Republic. We owe this more to woman suffrage than to any other name—-FLORENCE NIGHTINGALE.

Political power is the weapon of each people. It is not the weapon, but the Christian Soldier.” CHARLOTTE PERKINS GILMAN.

Mothers' Why

Laws of California make failure to maintain or support of minor children unlawful. The same, naturally, control, wholesome, love and nurture of minor children has lead to the failure. Upon the death of the father the mother must do her part. If there be a father, a legitimate child has lost one parent—a failure.

Woman Criminal's Why

Women in criminal cases are tried by men, tried by a court by men, by a lawyer and judge, according to men's scale laws. The constitution of the United States is framed by men, their views determined to try a jury of their peers is destined there. Men who were the worst criminals are brought to bear heavily on all through the limitations.

Home Making Woman's Why

She is responsible for the cleanliness of her home, for the wholesome provision of food, for her children's health, morals, beauty and honesty; yet she cannot control the conditions under which she and her children are kept. Women have been denied the official service of the Government, who are men elected by men.

Women Have Full Suffrage

Jane Addams Wants to Vote

This is what Jane Addams, Chicago's most useful citizen, says:

For many generations it has been believed that woman's place is in the walls of her own home, and it is not impotent to imagine that time when her daily toil shall be ended, or to foresee any social change which shall remove her from that position of responsibility so many things outside of her own home if she would continue to possess the home in the citadels. One could dismiss to many women. A woman's station, not, one would say, is to keep her home clean and wholesome, and to teach her chil...

talks on equal suffrage

Professor H. A. Overstreet delivered an address before the Women’s Club for Equal Suffrage yesterday afternoon at 4 o’clock in room 107, California Hall.

Professor Overstreet said during his speech that it was woman’s duty rather than her right to take part in civic affairs. An analogy was drawn between the city and the household, the woman from her natural position in the household should have the same relative position in the city.

After the talk an open discussion of the main points was engaged in, resulting in the expression of the club’s unanimous approval of the doctrine advanced.
For Election Day

1. Have at least two women at each polling place from the time the polls open until they close, without intermission. Arrange for such relief of women as may be necessary in order to cover the whole time. (Important.)

2. See that every voter, without exception, is asked to vote for the woman suffrage amendment, or has passed to him a printed slip asking him to vote for it. (Important.)

3. Keep at least one person, preferably a woman, within the polling place throughout the day and provide this person with the list of registered voters which you have already prepared. Have this person check on this list the name of each voter as he votes so that reference to this list will show you at any time who has voted up to that time and who has not. Let it be the duty of this person, also, to see that the voting is conducted honestly and legally.

4. Have as many persons, both men and women, as are available whose duty it is to see that the registered voters who are in favor of woman suffrage, as learned from the curves already made, get out and vote.

5. Have at least one person to watch the count at each polling place, from start to finish, without intermission, and to see that every vote for the woman suffrage amendment is counted and certified.

Before Election Day

1. Prepare a list of all the registered voters in your precinct.

2. Interview each registered voter in regard to his position on woman suffrage.

3. Check on your list the names of all those in favor of woman suffrage.

WOMAN SUFFRAGE CARRIES BY ABOUT 4,000

Latest returns show SUFFRAGE Amendment from 5,415 out of 21,785 precincts in the State to give the franchise, 111,557; against 112,365; majority against 808. There are 655 precincts still to be reported. These will undoubtedly wipe out the adverse majority and carry the Amendment by a probable majority of between 4,000 and 5,000.
